. . . BUT HE'S TOO TIED UP!

MEET THE INCREDIBLE **THUNDERCATS**, GUARDIANS OF THIRD EARTH:

Lion-O – valiant leader of the mighty Thundercats, and bearer of the fabulous Sword of Omens. Can he lead the wonderful warriors to victory against their nasty enemies?

Cheetara – compassionate, beautiful, and as swift as a tornado, Cheetara possesses a sixth sense that allows her to tell when people are in danger!

Tygra – cunning and sly, Tygra designed the Thundercats' home, Cats' Lair, and is the brains behind the Thundercats' amazing vehicles and devices – when he isn't fighting off the villains with his powerful whip!

Panthro – the mighty, honourable warrior who is also the Thundercats' engineer. Tough and resourceful in battle, he wields the special Numb-chucks weapon of his martial art – Kottr Kwan-Do!

Wilykit and Wilykat – cheeky, playful and forever causing trouble in the Lair, the two youngest Thundercats are never the less, valued and much-loved members of the team.

Snarf – warrior, caretaker, chef and general friend to all, Snarf sees that everything runs smoothly in Cats' Lair, and occasionally saves the day himself. Not the easiest of jobs!

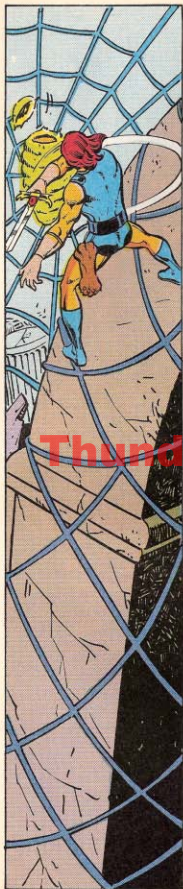

Jaga – ever-watching, ever-wise, Jaga is the spirit guardian of the Thundercats, seen only by their leader, Lion-O!

QUEEN OF EIGHT LEGS!

Deep in the deadly Kingdom of Webs a monster has hatched – Spidera! Mumm-Ra quickly enlists the aid of the giant spider in his battle with the Thundercats, and when Snarf is captured it's up to Lion-O to save the day... if he can!

WAIT! WHAT WAS I THINKING? WE CAN'T JUST KILL IT. THE SWORD OF OMENS CAN NEVER BE USED TO TAKE A LIFE... ANY LIFE--NOT EVEN THAT OF A MONSTER. MAYBE WE COULD KILL HER WITHOUT USING THE SWORD...
